

# THE RED BARN ANNUAL REPORT 2013

## PROGRAMS

The Red Barn serves children and adults with physical, cognitive, and emotional disabilities, as well as those at-risk, disadvantaged or with special circumstances. Our programs offer a combination of therapeutic horseback riding and equine assisted learning activities.

## BEYOND THE BARN

Our programs go beyond just our own barn doors! In 2013 we held nine seminars to offer training and professional development to almost 50 individuals from literally across the nation to improve our industry and help even more children.

In 2013, your support made it possible for hundreds of children to have thousands of hours filled with faith, hope, and love!

As one mom recently wrote to us and said...

*“Just knowing that David gets to come to The Red Barn on Saturdays helps him get through his school week and motivates him to try his best. He loves horses, but I didn’t think we could ever afford to let him work with them until we found the barn. He has loved the camps, lessons and anything that happens there. He doesn’t even have to be riding the horses, but just being there is so helpful for him and for me. To see him smile and be happy and have somewhere to belong and accepted even though he’s different is more than I can say thank you for. It’s changed his life and mine, too.”*

Our goal remains the same – continue sharing faith, hope, and love to as many children and their families as our resources allow. We are ready for more smiles, first words, friendships, giggles and sighs of contentment. Thank you for joining us on this incredible adventure.

**We can't wait to see what God has planned for 2014!**
