

What is an evaluation at The Red Barn?

I am going to The Red Barn for an evaluation.

First I will meet a staff member at the white house to sign papers.

Then we will all walk to the upper barn to start the evaluation.

This is what the inside of
the upper barn looks like.

There are no horses in this barn.

I will do things like balance on one foot and carry a bucket.
I know there is no right or wrong way to do these things.

I will also get to practice brushing a horse on a model horse. It looks like a statue!

Next, we will all walk to the lower barn together. This is where the horses live!

I will use my walking feet and follow directions while I am in the barn.

I can wave to the horses through their stall bars to say hello.

I will not touch the horses without permission.

I am all finished with my evaluation. It is time to say goodbye!
